**Subject:** Resent to Add Meeting Address for: Parker-Davis Project Rate Methodology Meeting

Please note that the Parker-Davis Project Rate Methodology Meeting on January 24 beginning at 10:30am will be held at our **Desert Southwest Regional Office at 615 South 43rd Avenue, Phoenix, AZ 85009.**

Also, we have set up a limited amount of conference bridge lines should you be unable to attend. **To access conference call dial 720-962-7661, when prompted dial your conference code (12405) and then hit the pound sign (#), then press 1. When prompted, say your name and then hit the pound (#) again.**

Thank you,

Debby Emler

**Subject:** Parker-Davis Project Rate Methodology Meeting

Dear Parker-Davis Project Customers and Interested Parties:

Western Area Power Administration is hosting a meeting to discuss the Parker-Davis Project (P-DP) rate methodology on January 24, 2013, at 10:30 a.m. This is the initial meeting for Western and our customers to jointly assess potential options to improve the current rate methodology, as was discussed at the informal rate meeting in June of 2012. At this meeting, we plan to discuss the long-term P-DP rate challenges and potential methodology refinements that may help to moderate anticipated rate increases.

This will be a collaborative, work-group style meeting at which we look forward to hearing your ideas and thoughts about the current rate methodology or potential revisions. If you would like to attend, please RSVP by replying to this email or to [dswpwrmtk@wapa.gov](mailto:dswpwrmtk@wapa.gov) with the name of your entity's attendee by January 17, 2013.

For those that are unable to attend the meeting, Western will post meeting notes and materials to the P-DP rates website at: <http://www.wapa.gov/dsw/pwrmtk/RateAdjust/Main.htm>. Any potential methodology refinements identified by the work group will be presented and discussed at the annual informal rate meeting during the summer.

If you have any questions or need additional information, please contact Mr. Scott Lund at (602) 605-2441 or Mr. Jack Murray at (602) 605-2442.

Regards,

Deborah K. Emler  
Assistant Regional Manager  
for Power Marketing
